

Winter Sowing Workshop

Learn to grow your own flowering plants from seed to support our local pollinators, birds, and biodiversity.

Saturday January 7, 2023
at 1-3 PM

With instruction from

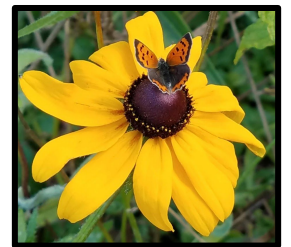

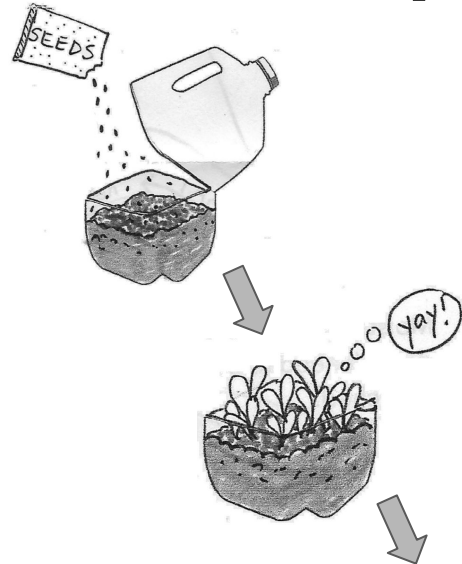

Blue Stem Natives

A Norwell, MA-based sustainable nursery making native plants available for New England gardeners

BlueStemNatives.com

Each participant will be provided a winter sowing handout, 2 packets of native plant seeds, milk jugs and soil for planting.

Due to limited capacity, registration is required.
The event will be held at an indoor venue near Watertown Square.

Registration fee for this event is \$10 (free for WCG members), and the event location details will be shared prior to the event.

Sign up for the calendar event by scanning the QR code or visiting the link below:

WatertownGardens.org

Friends of Bees and Watertown Community Gardens host volunteer events maintaining pollinator gardens throughout the City of Watertown.
